NZLA Foliar Tank Mixing Guide

Last updated 25.02.2024

NZLA Essentials foliar tank mixing guide.

While some products are compatible here, it doesn't mean it's a good idea to mix multiple products together. You need to be aware of NPK ratios and not apply too much Nitrogen, Iron etc. If you're unsure, make a post in our Facebook Group Community with your intended brew before spraying.

KEY:
Y - YES
YA - YES with Agitation (maintain liquid movement in the tank/sprayer)
NC - Not Compatible
